To: The Shareholders of Tan Chong Motor Holdings Berhad

Dear Shareholders:

PART I PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN ORDINARY SHARES

PART II PROPOSED SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

At the Company's AGM held on 22 May 2013, the Directors had obtained shareholders' approval for:

- (a) the Directors to purchase and/or hold up to 10% of the issued and paid-up share capital of the Company; and
- (b) the Company and its subsidiaries to enter into RRPT.

The above approvals shall, in accordance with the LR, lapse at the conclusion of the forthcoming AGM unless fresh approvals are obtained.

On 26 February 2014, the Company announced to Bursa Malaysia that it would seek approval from its shareholders for the Proposed Share Buy-Back and Proposed Shareholders' Mandate at the forthcoming AGM of the Company.

The Proposed Share Buy-Back and Proposed Shareholders' Mandate would become effective immediately upon the passing of the proposed resolutions and will expire at the conclusion of the next AGM of the Company unless the authority and mandate are further renewed by resolutions passed at a general meeting (either unconditionally or subject to conditions) or upon the expiration of the period within which the next AGM is required by law to be held, or if earlier revoked or varied by ordinary resolutions of the shareholders of the Company in a general meeting, whichever occurs first.

The purpose of this Circular is to provide you with information on the Proposals and to seek your approval for the proposed resolutions to be tabled at the forthcoming AGM of the Company.

2. PART I PROPOSED SHARE BUY-BACK

2.1 DETAILS OF THE PROPOSED SHARE BUY-BACK

The Board proposes to seek authority from the shareholders to purchase and/or hold up to ten per centum (10%) of the issued and paid-up share capital of the Company through its appointed stockbrokers. As at 31 March 2014, the issued and paid-up share capital of the Company amounted to RM336,000,000 comprising 672,000,000 TCMH Shares including 19,187,000 TCMH Shares already purchased and held as treasury shares.

The Proposed Share Buy-Back will be effective immediately upon the passing of the ordinary resolution pertaining to the Proposed Share Buy-Back at the forthcoming AGM and shall continue to be in force until:

- (i) the conclusion of the next AGM of the Company at which time it shall lapse unless by ordinary resolution passed at a general meeting, the authority is renewed, either unconditionally or subject to conditions;
- (ii) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders in a general meeting;

whichever occurs first.

The shareholders' approval for the Proposed Share Buy-Back does not impose an obligation on the Company to purchase its own shares on Bursa Malaysia. The approval will allow the Board to exercise the power of the Company to purchase its own ordinary shares at any time within the abovementioned time period using the internal funds of the Company and/or external borrowings. The amount of internally generated funds and/or external borrowings to be utilised will only be determined later depending on the availability of internally generated funds, actual number of TCMH Shares to be purchased and other cost factors. The actual number of TCMH Shares to be purchased will depend on the market conditions as well as the retained profits and financial resources available to the Company. The Proposed Share Buy-Back will reduce the cashflow of the Company by an amount dependent on the purchase price of TCMH Shares and the actual number of TCMH Shares bought back.

The Board proposes to allocate a sum of not exceeding the retained profits of the Company for the purchase of the TCMH Shares subject to compliance with Section 67A of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase. The audited retained profits of the Company as at 31 December 2013 amounted to RM941.16 million. The Company did not have any share premium as at 31 December 2013.

The purchased shares may be cancelled immediately or retained as treasury shares or a combination of both. The purchased shares held as treasury shares, may either be subsequently cancelled or distributed as share dividends or resold by the Company on Bursa Malaysia, or both, depending on the availability of, amongst others, the retained profits of the Company. The distribution of treasury shares as share dividends may be applied as a reduction of the retained profits and/or the share premium account (if applicable) of the Company.

An immediate announcement will be made to Bursa Malaysia upon the purchase or resale of the shares. In addition, the Company will also announce whether the purchased shares will be cancelled or retained as treasury shares or a combination of both.

TCMH shall only purchase its own ordinary shares at a price which is not more than fifteen per centum (15%) above the weighted average market price for the five (5) market days immediately preceding the date of the purchase(s).

The Company may only resell the purchased shares held as treasury shares at a price which is not less than the weighted average market price for the five (5) market days immediately preceding the date of resale or a discounted price of not more than 5% below the weighted average market price for the shares for the five (5) market days immediately before the resale provided that (i) the resale takes place no earlier than thirty (30) days from the date of purchase and (ii) the resale price is not less than the cost of purchase of the shares being resold.

As at 31 March 2014, the public shareholding spread of the Company was 43.03%.

For the purpose of illustration, if the Company purchases up to the maximum number of TCMH Shares as allowed under the Proposed Share Buy-Back and assuming the purchases will not reduce the number of TCMH Shares currently held by the Directors, the substantial shareholders or persons connected with the Directors and/or substantial shareholders, the public shareholding spread of the Company based on the position as at 31 March 2014 is expected to be reduced to 38.51%.

2.2 POTENTIAL ADVANTAGES AND DISADVANTAGES

2.2.1 Advantages

The Proposed Share Buy-Back provides the opportunity for TCMH to stabilise the supply and demand of TCMH Shares in the open market and thereby allowing the share price of TCMH to better reflect the fundamental value of TCMH Shares. In addition, the purchased shares may be held as treasury shares and resold on Bursa Malaysia with the intention of realising a potential gain without affecting the total issued and paid-up share capital of the Company. Should any treasury shares be distributed as share dividends, this will serve to reward the shareholders of the Company.

Further, the share repurchase by the Company may enhance the EPS and NA per share of TCMH, depending on factors such as purchase prices of the TCMH Shares and the effective funding cost and/or loss in interest income to the Company.

2.2.2 Disadvantages

The Proposed Share Buy-Back may result in the Group forgoing other investment opportunities that may emerge in the future and may also reduce the amount of resources available for distribution in the form of dividends to shareholders of TCMH. However, the financial resources of the TCMH Group may recover and increase upon the resale of the repurchased shares which are held as treasury shares. Nevertheless, the Board will be mindful of the interests of TCMH and its shareholders in undertaking the Proposed Share Buy-Back.

2.3 PURCHASE, CANCELLATION AND RE-SALE IN THE PREVIOUS 12 MONTHS

TCMH had bought back 2,000 of its own shares in the 12 months preceding the date of this Circular. The total number of shares bought back as at 31 March 2014 was 19,187,000. TCMH did not cancel or re-sell any of its treasury shares during the same period. Details of the shares bought back and currently held as treasury shares are as follows :-

Date	No. of shares bought back and held as treasury shares	Highest price paid per share (RM)	Lowest price paid per share (RM)	Average price paid per share (RM)	Total Consideration (RM)
20/05/2013	1,000	6.91	6.91	6.91	6,960.54
22/11/2013	1,000	6.38	6.38	6.38	6,428.92

2.4 EFFECTS OF THE PROPOSED SHARE BUY-BACK

Based on the assumption that the Proposed Share Buy-Back is carried out in full and the shares so purchased are cancelled or alternatively retained as treasury shares or both, the effects of the Proposed Share Buy-Back on the share capital, NA, working capital, earnings and substantial shareholders' and Directors' shareholdings as well as the implications relating to the Code are as set out below:

(a) Share capital

In the event that the maximum number of shares authorised under the Proposed Share Buy-Back are purchased and cancelled, the issued and paid-up share capital of TCMH as at 31 March 2014 will be as follows:

	<u>No. of shares</u>	<u>Amount (RM)</u>
Issued and paid-up share capital	672,000,000	336,000,000
Purchased and held as treasury shares as at 31 March 2014	(19,187,000)	(9,593,500)
Proposed Share Buy-Back if the maximum no. of shares are purchased	(48,013,000)	(24,006,500)
Resultant issued and paid-up share capital, if the treasury shares are cancelled	604,800,000	302,400,000

However, if all the TCMH Shares purchased are retained as treasury shares, the share repurchase would not have any effect on the share capital of TCMH, although substantially all rights attached to the shares held as treasury shares would be suspended.

(b) NA

The effect of the share repurchase on the NA per share of the TCMH Group is dependent on the purchase prices of the TCMH Shares. Nonetheless, the share repurchase would reduce the NA per share of the TCMH Group if the purchase price exceeds the NA per share at the relevant point in time. Conversely, the NA per share of the TCMH Group would increase if the purchase price is less than the NA per share at the relevant point in time. Based on the audited accounts as at 31 December 2013, the NA per share of the TCMH Group is RM4.15.

(c) Working capital

The share repurchase will result in an outflow of cashflow and thereby reduce the working capital of the TCMH Group, the quantum of which is dependent on the purchase prices of the TCMH Shares and the number of TCMH Shares repurchased. Nevertheless, the Board will be mindful of the interests of TCMH and its shareholders in undertaking the Proposed Share Buy-Back and will assess the working capital needs of the TCMH Group prior to any repurchase of TCMH Shares. In the event the Company purchases its own shares using external borrowings, the Company will ensure that it has sufficient funds to repay the external borrowings.

(d) Earnings

The effect of the share repurchase on the EPS of the TCMH Group is dependent on the purchase prices of TCMH Shares and the effective funding cost and/or loss in interest income to the Company thereof. For instance, the share buy-back will increase the EPS of the TCMH Group if the effective funding cost and/or interest income forgone to the Company attributable to every purchased share is lower than the EPS of the TCMH Group and vice versa.

(e) Dividends

Assuming the Proposed Share Buy-Back is implemented in full and the dividend quantum is maintained at historical levels, the share repurchase will have the effect of increasing the dividend rate of TCMH as a result of a decrease in the number of shares in TCMH which are entitled to participate in the dividends. For the financial year ended 31 December 2013, TCMH declared an interim dividend of 12% less income tax, a special dividend of 18% less income tax and proposed a final single tier dividend of 12%.

(f) Substantial shareholders' and directors' shareholdings

The effects of the share repurchase on the shareholdings of substantial shareholders and Directors based on the Register of Substantial Shareholders and the Register of Directors' Shareholdings respectively as at 31 March 2014 are as follows:

	<-----No. of TCMH Shares held----->
